

UNVEILING THE CRANES AND LIFTING TOP 50

Welcome to the inaugural *Cranes and Lifting* list of Top 50 crane owning companies in Australia and New Zealand!

Here at *Cranes and Lifting*, one of our priorities is to champion and recognise the industry and it is hoped that this list does that as well as help inform the sector and identify trends.

Now, this is a work in progress of course, and we will continue to engage and work with you over the year in preparation for the next and future lists. Thus, we welcome your feedback and would love to hear from you. If you'd like to offer suggestions, ideas or even to just have a chat about your fleet, email top50@mayfam.net

We asked, you delivered

In our inaugural listing, we reached out to companies in the ANZ region to find out more

about your fleet and operations. We asked you to provide information about:

- your head office and depot locations;
- number of employees;
- maximum wheeled mobile and crawler crane lifting capacities;
- type and maximum capacity of your largest crane; and
- average fleet age in years.

To those who responded, thank you. At the same time, the team left no stone unturned, conducting research to plug the gaps where information was not supplied, calculating lifting capacities based on data available publicly.

As you can imagine, our very first list is extensive! And in the editions to come - the next

being the February/March issue - *Cranes and Lifting* will be in touch to find out more about your projects, operations, and you, the personalities of the sector. The full list - 236 companies all up - will be available shortly on *Inside Construction* (www.insideconstruction.com.au).

In this issue, we're pleased to present to you the Top 50 crane owning companies in ANZ based on the total lifting capacity of wheeled mobile and crawler cranes. We've also put together other interesting findings, from the top 10 per state to the largest machines used in the region, and we've spoken to a few owners to find out what they love about the sector, what they and the industry should be proud of, and more. We hope you find our coverage informative. ►

SPECIAL CRANES & LIFTING TOP 50 SPONSORS EDITION PREPARED FOR:

Complete Solutions for:
Lifting, Rigging, Service
and Engineering Design

And the Top 50 are...

No.	Company	Head office	No. of wheeled mobile cranes	No. of crawler cranes	Total maximum load capacity of wheeled mobile and crawler cranes (tonnes)
